

# 2011 Buy-Sell Directory

**T**his Directory is designed for growers, buyers and other industry-related specialists who are interested in promoting locally grown BC trees and their by-products. Standard size is 6 - 8' unless stated otherwise. Prices have not been included in this schedule because of many factors affecting them (such as tree grade, species, height, cut, potted or balled and burlapped, purchase volume, etc.) It is recommended that individual listings be contacted for detailed pricing information.

*“Working together to build a strong Christmas tree industry”*
